Gestion de Projet

Répartition des tâches :

Contribution <u>tâches</u>	Base de données	Programmation	Modélisation	Test & debug	Rédaction
Arthur	50%	60%	40%	33%	0%
Loan	50%	30%	40%	33%	30%
Guillaume	0%	10%	20%	33%	70%

Répartition des tâches simples, chacun travaillait en parallèle sur une partie bien précise du projet, donc aucun conflit en travaillant sur la même partie en même temps.

Gestion de Projet

Difficultés rencontrées

- **Au début du semestre remise en question de la direction de notre projet**
- **Réalisation du nouveau MCD/MOD**
- **Trouver des idées d'exploitation des données importées**

Gestion de Projet

Planning

Respect du planning, répartition des tâches hebdomadaires pour chacun.

Léger retard sur la dernière semaine.
